

Sustainable Farming Workshop

For the Home Gardener and Market Grower

Taught by Lee Mink of Leap Farm

A 16-HOUR WEEKEND WORKSHOP:

Friday 5:00 - 8:00 includes dinner

Saturday 8:00 - 12:00 includes lunch

1:00 - 5:00

Sunday 9:00 - 2:00 includes box lunch

Classes will be both in a classroom & in the fields

COST: \$229

Here's what you'll learn:

-  **A high yield system of growing using organic methods (creating a bio-diverse garden, using raised beds, creating deep soil)**
-  **How to plan your garden / farm from the beginning to end**
-  **Soil Preparations (tillage & cover cropping)**
-  **Soil Amendments (compost tea, compost, organic fertilizers)**
-  **Sustainable methods of Weed Control & Pest Control**
-  **Crop Rotations & Companion Planting**
-  **Seed Starting & Seed Saving**
-  **Season Extension**

And much more!
