## Family Take-out Meals

(for fewer than six people, please order our individual meals in our take-out cooler)

Many of our meals lend themselves perfectly to being made fresh in a large pan so you can take them home and heat them up in the oven for a larger crowd. If you have some of your own favorite recipes, please talk to us about having them prepared for you. We'd appreciate at least three (3) days notice in order to make these dishes fresh for you.
